MAKE HASTE SLOWLY.

Ministers Hampered in Arranging Peace Preliminaries.

EVERY LITTLE DETAIL CAUSES DELAY.

Negotiations Drag Because Ministers Must Submit the Multiplicity of Propositions to Home Governments For Instructions.

London, Nov. 23.—A dispatch from Peking, dated Nov. 22, says: "Competent independent judges of the present critical stage of the negotiations opine that the consideration of all the peace preliminaries should be transferred to Washington or to a European capital and be placed in the hands of plenipotentiaries possessed of full powers to arrange the terms to be imposed on China. Once the terms are agreed on they should be presented as a demand not requiring negotiations with the Chinese commissioners. It is felt that present decisions of the ministers, who do not possess the powers to decide on the multiplicity of propositions without reference to their governments, are bound to interminably drag out the preliminaries and result in long delay, causing the greatest uneasiness in the foreign communities, who anticipate vastly increased difficulty in reaching settlement, owing to the alleged waste of time."

New Note to the Powers.

Washington, Nov. 23.—The secretary of state has addressed an identical note to the powers interested in the Chinese question setting out tersely and afresh the object of the United States government as to China and pointing out how such objects as are common to the powers can best be secured. The note marks the initiation of fresh negotiations on our part on the arrangement of new bases to tide over the impossible situation created at the last meeting of the ministers at Peking. Some responses already are at hand and it is stated that generally our advice have been well received and the state department expressed satisfaction with the progress so far achieved. The intention is to push the negotiations on a more rational and businesslike basis.

Important Conference.

Berlin, Nov. 23.—United States Ambassador White had an important interview with Baron Von Richthofen, secretary of foreign affairs. It is understood the interview was the result of instructions cabled from Washington and that it had reference entirely to the ideas of the United States government regarding the war in China and the co-operation of the United States with Germany and other European powers as to conditions for peace, especially the penalties to be exacted and the indemnity to be secured. It is also understood that the most satisfactory and most friendly result was reached.

Military Operations.

Berlin, Nov. 23.—Field Marshal Count Von Waldersee cables that Colonel Yoreker's column reached Hsueh-shihva Nov. 17. The weak garrison immediately surrendered. The column commanded by Colonel Mulefuels, the dispatch adds, is proceeding to Auk lachelan. The health of the troops is good.

Irrigation Congress.

Chicago, Nov. 23.—Friday's session of the National Irrigation congress was devoted to papers and addresses pertaining exclusively to the question of practical watering and reclamation of arid lands and arid plant life. The committee on permanent organization recommended for President Thomas F. Walsh, Washington, D. C.; first vice president, former Governor L. Bradford Prince, New Mexico; second vice president, F. B. Thurber, New York; secretary, H. B. Maxson, Nevada. The committee recommended that a field meeting be held at Colorado Springs, Colo., in 1901, just prior or subsequent to the trans-Mississippi congress at Cripple Creek. The committee also recommended that the next annual session of the congress be held at Buffalo, N. Y., in Oct., 1901.

Another Broker "Bu ts."

New York, Nov. 23.—Chester B. Lawrence, jr., a member of the Consolidated stock exchange, made an assignment Friday to George H. Wolbert. Among Lawrence's best customers were many women and a number of them became hysterical in his office when the assignment was announced. Lawrence, who had five offices in this city, is said to have been in difficulties several weeks and his troubles were brought to a head by a customer who had Lawrence and Edward B. Underhill, his office manager, summoned to court on the accusation of withholding

her money and bonds and refusing to give her an immediate statement. The liabilities will exceed \$200,000.

Sold to a Syndicate.

Louisville, Nov. 23.—The plant and equipment of the Globe Refining company, one of the largest in the south, have been sold to a syndicate of Louisville capitalists for between \$250,000 and \$300,000. The new owners will take possession Jan. 21. The syndicate is headed by H. N. Gifford, formerly general manager of the Ohio Valley Telephone company.

COLOMBIAN REVOLUTION.

Rebels Have the Government Forces in Hard Rows.

Kingston, Jamaica, Nov. 23.—The British steamer Barbadian, just arrived from Colon, reports severe fighting Monday and Tuesday at Culebra. Government forces attacked the rebels, who occupied a good position, with the result that the losses of the former were heavy. Fighting was proceeding when the steamer left Tuesday night. Stores and restaurants at Colon were closed and the rebels held a portion of the railroad line.

Another rebel force was reported to be engaging government troops near Panama. Business is entirely suspended at the latter place and both Panama and Colon are in a state of terror.

Rebels attacked in determined manner, and it is feared the slaughter will be great before decisive results are reached. The Liberals, it is asserted by the passengers of the Barbadian, hold Buena Ventura. The government is making a great effort to regain possession of it, thus far unsuccessfully.

THE DUKE'S DEBTS.

Hearing in Bankruptcy Postponed Till After He Visits America.

London, Nov. 23.—The Duke of Manchester, who sails for the United States Saturday, appeared Friday before the registrar in bankruptcy. The receiver told the court that the case must be adjourned as the accounts were not yet filed, although fully prepared. The liabilities disclosed amount to £37,700, assets £7,545. The receiver asked for time to examine the accounts and interrogate the debtor.

Counsel for the trustees said the committee of inspection had agreed to an adjournment. The Duke of Manchester, he asserted, was prepared to enter the box if desired, but, counsel explained, his client was going abroad and anticipated returning to England February 2, 1901. The examination was adjourned to that date. The Duke of Manchester recently married Miss Helene Zimmerman, an American heiress, daughter of Eugene Zimmerman, Cincinnati millionaire.

Must Face His Accusers.

Washington, Nov. 23.—The state department issued a warrant to surrender to German authorities Johann Bauer, now held under arrest at New York charged with murdering his father at Munchmonster, Bavaria. The allegations are that the father, a dissipated old locksmith, having signified a purpose to marry again thus cutting off the children's inheritance, the son after advising with his sister, decided to dispose of his father. He went into the field and dug a hole, came back and informed his sister he had prepared a grave for the old man. When the father returned, he beat the old man to death with a shovel, put his body in a sack, loaded it into a wagon and carried it out and buried it in the place prepared. Theu Bauer fled to America.

Opposed by the Porte.

Constantinople, Nov. 23.—The porte has definitely rejected the request for an exequatur for a United States consul at Harpoot. This refusal is regarded by the United States legation as a direct violation of treaty rights and despite the refusal, Dr. Thomas H. Norjon, who was appointed by President McKinley some time ago to establish a consulate at Harpoot, has been directed to proceed to his post. The expected visit of the battleship Kentucky to Smyrna is believed to relate quite as much to this matter as to the indemnity question.

Tampering With Jurors.

Eldorado, Kan., Nov. 23.—When the trial of Miss Jessie Morrison, for murder was resumed Friday, Judge Shinn created a mild sensation by saying attempts had been made to influence jurors and that summary measures would be adopted if any further cases were brought to his attention. Of 60 men examined, all but 11 were discharged for cause. These are acceptable to the prosecution, but had not been examined by the defense.

To Entertain the Canucks.

London, Nov. 23.—The returning Canadian troops on board the Hawarden Castle, due here next week, will be lavishly entertained by a committee, of which Lord Gray is chairman.

OOM PAUL IN FRANCE.

Wherever He Goes the Grand Old Man Is Warmly Welcomed.

HIS DEPARTURE FROM MARSEILLES.

Up Bright and Early For His Trip To Paris—Hopes the Demonstration of Sympathy Will Have Substantial Results.

Marseilles, Nov. 23.—Though the enthusiasm attending Mr. Kruger's departure from Marseilles was not so boisterous and there was no such crowd present as awaited him on the quay when he landed from the Gelderland, he had no reason to complain of any diminution of warmth on the part of the people of Marseilles.

Mr. Kruger was up at an early hour and was ready and waiting when his landau reached the hotel to convey him to the railroad depot. Amidst the cheering of a large assembly the former president of the Transvaal entered his carriage and was driven to the station. He was accompanied by Dr. Leyds and Messrs. Pearson, Wessels, Eloff, Plseher, Van Hammel, Rambaud and Hymens.

Just before the departure of the train Mr. Kruger appeared on the steps of the railroad carriage in response to the shouts of the crowd and said: "Citizens of Marseilles: I thank the population of Marseilles for its warm welcome. I trust I shall find the same enthusiastic sympathy in all the cities which I am going to travel through and I hope it will be followed by actions which will continue to assist us and result in abetting our cause." As the train left at 9:20 a. m. a great cry arose.

Avignon, Nov. 23.—Avignon, the first stop of Mr. Kruger's train was reached at 11 a. m. He was greeted by throngs of people, shouts of welcome and a band of music and was presented a basket of flowers, to which were attached the French and Boer colors. The assistant mayor made a speech and Mr. Kruger responded briefly, showing signs of fatigue. He saluted with his hand while the crowd cheered him frantically. Mr. Kruger's train stopped 10 minutes.

Valence, Nov. 23.—The train having Mr. Kruger on board passed here at 1:45 p. m. and was cheered by a crowd of about 5,000 persons. An enormous crowd massed within and without the station. The mayor greeted Mr. Kruger in the name of the city, bouquets were presented the traveler and words of sympathy and admiration for him were expressed. Mr. Kruger stood before the open door of the railroad carriage, and the train departed amidst the shouting of "vivas."

Lyons, Nov. 23.—There was a great demonstration when Mr. Kruger's train arrived. The assistant mayor welcomed the former president and presented him a beautiful gold medal, especially engraved for the occasion. Mr. Kruger said: "I am profoundly touched at the homage, respect and sympathy coming from France. Give my thanks to the population of Lyons. It is a just cause which animates you, a cause for France and for all Europe to safe guard. I am firm in the conviction that our hopes will be realized. We are hoping with you."

Mr. Kruger spent the night at Dijon, where he arrived at 5:20 p. m.

Not on the Bills.

Pittsburg, Nov. 23.—Harry Winfred and George W. Pickett, members of the Williams and Walker theatrical company, at present engaged in this city, were taken to the municipal hospital suffering from smallpox. When the health officials discovered the contagion in the company they at once went to the theater and vaccinated the entire company of 40. The company came here from Rochester, N. Y. Sunday and it is not known where the disease was contracted. On account of the prompt precautions taken, no apprehensions of the spreading of the infection is felt by the authorities.

Servant of Jeff Davis.

Chicago, Nov. 23.—The poverty-stricken condition of Mrs. Adella Burton, who claims to have been a confidential servant in the family of Jefferson Davis during the civil war, was brought to the attention of the police and her wants were relieved. Mrs. Burton, who was discovered in a lonely hovel on the south side, declares that when the president of the confederated states fled to escape she was entrusted with the private effects of the fugitive. She was born in slavery 57 years ago.

Leeds, Eng., Nov. 23.—The Yorkshire college students stormed a meeting of the followers of John Alexander Dowle, the Zionist of Chicago.

POSTAL FIGURES.

Salaries of Postmasters, Clerks and Running Expenses.

Washington, Nov. 23.—George Beavers, chief of the salary and allowance division of the postoffice department, in his annual report shows that the total annual allowance for clerk hire at first, second, third and fourth class offices amounted to \$12,008,213; for rent, fuel and light \$1,830,485; total allowances in connection with the military postal service \$49,637, and amount involved for rent of leased buildings \$922,483. Total number of presidential offices at the beginning of the fiscal year, 4,280. Net increase in salaries of postmasters at all presidential postoffices over the previous year, \$492,600. Aggregate of salaries \$7,423,600. Average salaries of all postmasters, \$1,734. During the year 42 full postal stations and 325 substations were established; 20 presidential postoffices were discontinued and made stations or substations of other free delivery postoffices. The growth of the service and the added cost of the insular service in Porto Rico and Hawaii necessitated an unusual increase in postal station expenses. The estimates include \$2,000,000 for rent, fuel and light for the next fiscal year. The total estimates amount to \$36,777,100, an increase of \$2,250,000.

Carter's Case Called.

Leavenworth, Kan., Nov. 23.—The habeas corpus proceedings brought by the attorneys of Oberlin M. Carter, late captain of engineers, United States army, to show cause why he should be released, were opened in United States district court Friday. Carter was attired in a new black suit which the warden, at the prisoner's earnest solicitations, permitted him to substitute for his prison garb. His hair and mustache are much grayer than before he began serving his term and his face is wan. Frank P. Blair of Chicago and General Grosvenor of Ohio, appeared for Carter, while Colonel J. W. Clous, deputy judge advocate general of the army and District Attorney I. E. Lambert and his assistant, H. E. Hone, represented the government.

Will Try Noah's Plan.

Ludington, Mich., Nov. 23.—The Pere Marquette Railway company will make use of carrier pigeons on its six ear ferries and five steamers during the winter. The plan of communicating with the shore by means of carrier pigeons was adopted because of the dangers of winter navigation, boats at times being caught in the ice with no way of sending for aid. Wireless telegraphy was experimented with for this purpose but was found not to have reached a satisfactory state of development.

Is Aguinaldo Dead?

Washington, Nov. 23.—Latest Manila papers received by mail contain circumstantial reports that Aguinaldo is dead. Manila papers of Oct. 18 devote considerable space to the report that Aguinaldo died in northern Luzon, where his horse was shot and saddlebags containing personal papers were captured. General Trias has recently been signing himself commander-in-chief of the insurgent forces.

Coffin Nails Must Go.

Dubuque, Ia., Nov. 23.—An order to all tobacco dealers to at once ship out of the state their entire stock of cigarettes and cigarette papers, came from the American Tobacco company in conformity with the recent decision of the United States supreme court.

Stands by His Colors.

Mexico, Mo., Nov. 23.—In a letter received here from William J. Bryan he says: "Still believing in the principles set forth in the Chicago platform, I shall continue to defend them believing the American people will yet see the necessity for the repudiation of Republicanism."

Closed the Quarries.

London, Nov. 23.—After 5,000 men recently struck in the Penryhn (Wales) quarries because the management refused to install a dismissed overlooker, Lord Penryhn closed the quarries. Violence is expected and troops were sent there several days ago.

Appeal For Powers.

Frankfort, Ky., Nov. 23.—In the court of appeals the case of Caleb Powers vs. the commonwealth was submitted without argument with leave to file briefs Dec. 1. Powers is under life sentence as an accessory to the Goebel murder.

Huntington, W. Va., Nov. 23.—Evidence in the Newman murder trial is completed. Newman, the last witness to testify, was much excited as he told the story of the murder. He claimed he was standing on the stairway under McCauley and that as the latter had a beer bottle drawn he turned and shot. Attorneys are arguing the case.

REEKING IN SQUALOR

Deplorable Condition of Chinese in Canning Colonies.

FILTHINESS BEYOND COMPREHENSION

Recruits From the Slums of Chinatown Taken to the North Where They Are Worked Like Slaves by the "Number One Man."

Washington, Nov. 23.—Horrible conditions existing among Chinese aboard vessels in the Alaskan salmon canning industry are portrayed in a report Assistant Surgeon L. L. Lumsden, at Angels Island, Cal., has just made to the marine hospital service. He says a number of vessels have returned to San Francisco from the Alaska country with the history of several deaths of these Chinese workers. There were no physicians aboard and as a rule no satisfactory account of the nature of the illness was obtainable from responsible persons. "These vessels," says the report, "sail from San Francisco in March and April, each vessel taking about 125 Chinese to work at the canneries. Last spring nearly 3,000 Chinese were taken from San Francisco for this work. Bubonic plague was known to exist in their section of the city at the time of their leaving and no precautionary measures to prevent an outbreak among them were taken."

These Chinese are recruited from the poorest and roughest element of Chinatown and are held in practical slavery by the Chinese bosses who provide this labor. They are often worked 18 hours a day and live in barracks in utter disregard of cleanliness and sanitation. The fish they eat frequently is well advanced in putrefaction. It is difficult to conceive the filthiness aboard. The Chinese quarters are dark and damp and the sanitary conditions are unfit to print. White men on these vessels disclaim responsibility for the conditions under which the Chinese live and transact all business with them through a Chinese foreman, the so-called "number one man." It is claimed 5,000 of these Chinese recently came into Chinatown, San Francisco, and with their lowered vitality would fall ready prey to plague, cholera, or any infectious disease and thus menace public health.

Making Good the Shortage.

Cincinnati, Nov. 23.—At a meeting of stockholders of the German national bank of Newport it was reported that the directors had subscribed enough to require only \$45,000 from the 661 other stockholders to bring the amount up to the requirement for reopening the bank. The directors offer to resign in a body when the reorganization takes place.

Cabinet Meeting.

Washington, Nov. 23.—The cabinet meeting Friday was unimportant. The president's message is almost complete and there was some discussion of the various recommendations it contains. Secretary Hay reported that the Chinese situation was progressing favorably but beyond this the Chinese matter received no attention.

Flour Moth.

Toronto, Nov. 23.—The Ontario agricultural department is warning millers and those who have stores of flour and meal to be on the lookout for a destructive insect known as the Mediterranean flour moth. The larvae has the appearance of a caterpillar. The agricultural department thought it had the pest exterminated.

Trust President Dead.

Cleveland, Nov. 3.—W. H. Lawrence, 60, president of the carbon trust, died at his home in Dover. In July Mr. Lawrence had an accident, receiving injuries that necessitated the amputation of his arm. He failed to rally from the shock and complications set in which caused his death.

Guarding Treasure Trains.

Cheyenne, Wyo., Nov. 23.—The Union Pacific has adopted the plan of placing armed guards upon its trains which carry large shipments of money. Trains numbers 1 and 4, which take most of the treasure shipments have already been garrisoned with guards.

For political campaign purposes McKinley's Philippine Commission cabled to this country, just before the election, at an expense of some \$4,000, a long report, the gravamen of which was that the defeat of Bryan would cause Filipino resistance to American authority to burst and disappear like a pricked bubble. But now come anti-Bryan Senators Proctor and Hawley with the assurance that "an army (next year and for an indefinite period thereafter) of less than 100,000 is not of sufficient strength, in view of the fact that hostilities in the Philippines are continuing and operations there are to be pushed to a conclusion." Isn't there a lie out somewhere? asks the Louisville Times. The Philippine "fake" referred to above only goes to show to what despicable tactics the Hanna-McKinley crowd are ready to resort to attain their ends. If the Philippine Commission really wired such stuff from Manila, they are not the men to be in charge of such important business as that now under their management.

PROVING VERY COSTLY.

The defeat of Mr. Bryan it seems has not caused the Filipinos to throw down their arms and sue for peace. On the contrary, they have been giving our soldiers more trouble lately than they did before the election, and from General MacArthur comes the word that there is no prospect for peace in the near future. And more soldiers are needed, and this necessarily calls for an increase in our standing army. The Hanna-McKinley Philippine policy is indeed proving a costly matter for our country. The settled policy of the Government for its first century—a policy in line with our Declaration of Independence—has been abandoned, and we are following now in the footsteps of England in her policy of "criminal aggression" and "forced annexation." Referring to the cost of this policy of "criminal aggression" inaugurated by the Hanna-McKinley coterie of statesmen, the Denver News says:

The Treasury Department places the expenditure in the Philippines at \$9,400,000 a month, or \$112,800,000 a year. General MacArthur's report says that no men can be withdrawn and that the war is likely to continue for an indefinite period, because the entire population of Luzon is in sympathy with the insurgents and animated by a determination to gain independence.

The war expenditures in the Philippines since the conclusion of the war with Spain exceed \$200,000,000, and as they will continue for an indefinite period at the rate of \$112,000,000 a year it will be only a short time when we shall have expended \$500,000,000 in a war which never would have broken out had the administration permitted the passage of the resolution advocated by Mr. Bryan, adopted in the Senate and killed in the House, which promised the Filipinos treatment similar to that accorded to the Cubans.

Before the election it was claimed that if Mr. Bryan were defeated the Filipino resistance would collapse. The groundlessness of that campaign roorback is made evident by General MacArthur's report that there is no indication of an end of the war, notwithstanding that the American troops have established nearly 500 military stations in the islands.

Considering the cost of the war in lives, in insanity, in disease and in money, it cannot be long until the American people demand that the administration recede from its unconscionable policy and treat the Filipinos with some regard for their reasonable aspirations. The war was caused by arrogance. It should be ended by common sense.

And the determination to revert to common sense should be hastened by the testimony of military experts that few white soldiers can serve more than a year in the islands without becoming incapacitated even to the extent of serious permanent injury. A high military officer said a few days ago that in many places green mould forms during a single night on a pair of boots thrown under the bed.

The war doesn't pay.
 It doesn't pay financially.
 It doesn't pay morally.
 A nation of 76,000,000 people is great enough to acknowledge that it has blundered.

FROM BRACKEN

Was This Dilapidated Matrimonial Outfit That Struck Georgetown This Week.

[Georgetown, O., News Democrat.]

One of the most dilapidated matrimonial outfits that has struck this town in the year 1900, came in Monday. It was composed of three persons, two men and a woman, riding horseback, the woman on the crupper of the steed ridden by the individual who afterwards assumed the position of groom.

They went to the probate office and applied for license and Judge Campbell not being acquainted with them made the groom subscribe to an affidavit of more than usual rigor. He swore his name was George Tarr, twenty-two, and that the woman's name was Lizzie Myers, a widow, twenty-four, and that both had been born in Brown County and were residents thereof. It was reported afterward that the whole outfit was from the hills of Bracken County, Ky., some fifteen miles back of Augusta. After the performance of the ceremony, by Squire Woods, the party mounted their steeds and rode off toward the land of bourbon and pistols.

Kentucky elopers will find Georgetown not so friendly to their matrimonial inclinations hereafter as it has been heretofore. Judge Campbell has resolved to put his foot down on the perjury and deception practiced in the procurement of licenses in such cases.

GOEBEL MONUMENT FUND

Is Now \$18,000, and This Will Be Increased by Relatives of the Deceased.

FRANKFORT, KY., Nov. 19.—The Goebel Monument Fund Committee, composed of ex-Governor McCreary, Assistant Adjutant General Murray and Clerk of the Court of Appeals Sam Shackleford, held a meeting here to-day to pass on some routine business.

The fund in their hands now amounts to \$6,192, which will be increased to nearly \$18,000 by the fund collected by the Women's Monument Fund Committee. This sum will be added to by Governor Goebel's relatives, and an exceedingly imposing monument will be erected next year in the Frankfort Cemetery.

Of the \$6,192 citizens of Louisville contributed \$1,550, Lexington \$350, Covington \$500 and Richmond \$830. The remainder came from points scattered all over the State.

CIVIL SERVICE EXAMINATION.

One to Be Held in This City Dec. 15th for the Positions of Clerk and Carrier in the Postoffice Service.

The United States Civil Service Commission announces that on December 15, 1900, an examination will be held in this city for the positions of clerk and carrier in the postoffice service.

For application blank, full instructions, specimen examination questions and information relative to the duties and salaries of the different positions, application should be made to the Secretary at the postoffice.

Applications must be on file with the Secretary of the local Board before the hour of closing business on December 7, 1900.

Doesn't Want Any More Contests.

[Carlisle Mercury.]

It seems to be an undisputed fact that Mr. Kehoe has been elected to Congress from this district, and it is to be hoped that Mr. Pugh will make no contest. Not so much do we hope this in this case, but we have a great desire to see the will of the people, as expressed at the polls, accepted as final. Kentucky has had enough trouble over contests to last her for a generation, and one of her idols lies in a premature grave because of a contest, and her courts are burdened with the trials of men charged with resisting the appeal of contest. For Kentucky's sake lets have done with partisan decisions of contest boards.

Beginning at 10 a. m. Wednesday and continuing all day, the ladies of the First Presbyterian Church will hold a Thanksgiving market in their rooms at the church. Among the edibles for sale will be cakes of all kinds, brown bread, beaten biscuit, rolls, croquettes, salads, Charlotte Russe, transparent puddings, Bavarian cream, cold tongue, sliced ham, candies etc. The public are cordially invited to patronize this market.

Millions Given Away.

It is certainly gratifying to the public to know of one concern which is not afraid to be generous. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, bronchitis, la grippe and all throat, chest and lung diseases are surely cured by it. Call on J. Jas. Wood & Son, druggists, and get free a trial bottle. Regular size 50 cents and \$1. Every bottle guaranteed.

The Keystone.

The Keystone Dramatic Company presented "A Soldier of the Empire" at the opera house last night to a fairly good audience, the inclement weather keeping the attendance down. No better production at higher prices was ever seen in this city than "A Soldier of the Empire," as produced by the Keystone. The costumes were fine and the scenery beautiful. Miss Shipman and Mr. McGill in the principal parts were excellent and their support was admirable.

To-night "Sapho" will be presented. This version of this much talked of play is one that is especially adapted for the use of stock companies that cater to audiences composed largely of women and is one that any one can witness.

Miss Shipman will be seen as "Sapho." A large audience will no doubt be in attendance to-night, so secure your seats in advance, at Nelson's. Prices 10, 20 and 30 cents. A matinee will be given this afternoon at 2:30 o'clock, when "The Mystery of Woodlawn" will be presented. Prices 10 and 20 cents.

THE UNITED STATES.

Some Interesting Statistics in Reference to Our Growth in Population and Wealth.

[New York World.]

The United States is a nation numbering 76,000,000 people.

The United Kingdom of Great Britain and Ireland numbers about 38,000,000—just half as many.

France numbers just about half as many also.

The German Empire, not counting its African colonies, numbers about 47,000,000 people—less than two-thirds of our population.

Austria-Hungary has nearly 42,000,000 inhabitants—only four million more than half our count.

Russia proper, excluding the non-Russian people of Asia that are under her flag, has a population of about 56,000,000—10,000,000 more than that of the United States.

But our population is growing at the rate of 18,000,000 every ten years. So that the American babies of to-day when they arrive at adult age will see an American nation numbering 102,000,000 people.

As all European populations are stationary or nearly so—the excess of their births over deaths being lost by emigration, mostly to this country—it is a reasonable anticipation that the year 1902 will find the United States inhabited by three times as many people as Great Britain and Ireland, one and a half times as many as the combined populations of the British Isles and France, more than twice as many as Germany and about 15,000,000 more than Russia proper.

Furthermore, this country already leads all others in total and per capita wealth; it produces one third of the world's total annual product of gold and silver; it leads all nations as a producer and consumer of coal, iron and steel, and it also leads them all in the production and export of food-stuff.

The next meeting of the Mason County Medical Society will be held next Tuesday at Mayslick, the morning session at 10 o'clock and afternoon at 2 o'clock. Dr. Cook, of Wedonia, and Dr. Reed, of this city, will be the regular essayists. Dr. M. H. Davis will entertain the society at dinner, and a general good time is anticipated.

Thinks Pugh Will Contest.

[Lexington Morning Democrat.]

Kchoe's majority is 236, but Pugh will contest, because there is \$2,000 in it to him. When Pugh was elected by only ten votes last year, Mordecai Williams accepted the result like a man. That's the difference between a good Democrat and a Republican out for the stuff.

The grand jury completed its work Friday and was discharged.

Indictments were reported against Sam Vance for shooting at another with intent to kill, Ezekiel Smith for striking with intent to kill, Henry Johnson for breaking into a storehouse, F. E. Burton for uttering a forged check, and Wm. Williams and Wm. Johnson for cutting with intent to kill.

The jury was in session five days, examined sixty-five witnesses, found eight indictments, dismissed nine cases and referred one to the next grand jury. The final report states that the jury had diligently inquired into all violations of the law of which it had received information, and that the public buildings were examined, and the jail, the Circuit and County Clerk's offices and court house were reported in good, clean order and well kept. The jury extended a vote of thanks to the officers of the court for their prompt and efficient attention.

SOUTHERN OHIO FALLS

Off in Population, According to the Census Just Given Out.

[Georgetown News-Democrat.]

The enumeration of population under the recent census just made public shows that there has been an unobserved epidemic raging in this part of Ohio for ten years past. Greenfield's population is 3,979, a gain of 1,519, and Hillsboro's 4,535, a gain of 915, showing that outside of these two places Highland has lost heavily. Wilmington's population is 3,613, a gain of 534. Adams County shows a population of 6,358, a gain of 235. Manchester has 1,093, a gain of 38. Ripley has a population of 2,248, a loss of 35.

LIVED HERE YEARS AGO.

John B. McCalla, a Former Resident of Maysville, Passes Away at Terre Haute, Indiana.

[Terre Haute Express.]

John B. McCalla, Sr., died at his home, 201 North Eighteenth street, at 11:45 Tuesday night of general debility, aged eighty-five.

He was born at Maysville, Ky., March 4, 1815. In 1848 he moved to Aberdeen, Ohio, where he was united in marriage to Mary Bradford in the same year. From this union six children were born, three of whom still survive. He removed with his family to this city in 1865 and has resided here until his death. His occupation was that of a carpenter and contractor and he was for several years city school carpenter.

He is a veteran in the Oddfellow, having been initiated in DeKalb Lodge, Maysville, Ky., in 1842, and was admitted by card to Fort Harrison Lodge, No. 157, I. O. O. F., of this city, in 1863, of which he was one of the oldest members. He has been an Oddfellow fifty-eight years.

The three children who survive him are John B., William B. McCalla and Mrs. A. L. Engle, of this city.

TO BE DEPENDED ON.

Because it is the Experience of a Maysville Citizen and Can Readily be Investigated.

A stranger lost in a large city would place far more dependence on the directions given him by a local resident than the guidance of another stranger like himself. This is a natural consequence of experience; it's like a ship in a strange harbor is always called upon to bring her safely to her moorings. So it is with endorsement; we doubt the sayings of people living at distant points because we can't investigate, but public expression of local citizens can be depended on, for 'tis an easy matter to prove it. Evidence like the following is beyond dispute:

Mrs. R. R. Honsh, of 594 Forest avenue, says: "Doan's Kidney Pills quickly relieved Mr. Housh of backache which had been a source of discomfort to him for some time. I procured the remedy at J. Jas. Wood & Son's drugstore, corner of West Second and Market streets, and its proven value is so great that it should be known throughout the world." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name Doan's and take no other.

River News.

Pearce for Portsmouth to-night.

The Wells and Stanley will pass down Sunday.

The Queen City will pass up to-night for Pittsburgh.

The Golden Rod is en route to Pittsburgh on an inspection and supply trip of the beacon lights.

A stage of nearly eight feet was reported at Pittsburgh Friday morning, and a big shipment of coal is now en route from that city. There is a still better stage below that place, with the river rising at all points.

A six-foot stage in the Ohio the year round, as may yet be brought about by the Ohio Valley Improvement Association, would mean that boats could run to Pittsburgh for ten or eleven months in the year, instead of five or six as at present.

Should Be Rewarded.

[Wheeling Register.]

Friends of Gov. Mount, of Indiana, are booming him for Commissioner of Agriculture in the coming apportionment of offices after March 4. Mount is the man who has shielded fugitive from Justice W. S. Taylor, late of Kentucky. He ought to be rewarded.
